Summer of the Mariposas is a delightful Mexican American retelling of the timeless tale The Odyssey. I really enjoyed how the author, Guadalupe Garcia McCall seamlessly blends Mexican folk tales, mythology and magical realism elements together with the more realistic story. It is fiction that addresses real life issues with just enough mythical and magical realism elements to make it a truly enchanting reading experience! Ultimately, Summer of the Mariposas promotes the bond of sisterhood and the love between mother and daughters. In June 2018, publisher Lee & Low released an edition in Spanish.
