Byomkesh Bakshi is an Indian-Bengali fictional detective created by Sharadindu Bandyopadhyay. Worn with pain, and weak from the prolonged hardships which I had undergone, I was removed, with a great train of wounded sufferers, to the base hospital at Peshawar. Here I rallied, and had already improved so far as to be able to walk about the wards, and even to bask a little upon the veran-. I gave him a short sketch of my adventures, and had hardly concluded it by the time that we reached our destination. "Poor devil!" he said, commiseratingly, after he had listened to my misfortunes.
