Articles from Vol. 129, No. 1, January 6. Advertising Overview for 1996. THE FOLLOWING SUMMARIES give a comprehensive picture of what is expected in newspaper advertising in 1996. The three participants -- Cresmer, Woodward, O'Mara & Ormsbee, Papert Companies and Sawyer Ferguson Walker -- based their predictions on their Read preview Overview. Books for You: An Annotated Booklist for Senior High. Thirteenth Edition. NCTE Bibliography Series. As educators know, no single book is right for every reader or every purpose, so inclusion in this booklist is not necessarily an endorsement from NCTE. But it does indicate that the professionals who make up the booklist committee feel that the work in question is worthy of teachers' and students' attention, whether for its informative or aesthetic qualities. Similarly, exclusion from an NCTE booklist is not necessarily a judgment on the quality of a given book or publisher. Many factors--space, time, availability of certain books, publisher participation--may influence the final shape
