Qty 1 He is the author of On Becoming a Leader and Organizing Genius. He lives in Santa Monica, California. Joan Goldsmith is a management consultant based in Santa Monica, California. In Learning to Lead, these leadership experts have created a program that enables students, staff, managers, executives, public servants, and professionals to discover their own leadership voice. In these pages Bennis and Goldsmith offer the wisdom of world leaders, tools for self-assessment, and exercises for building leadership skills. Doug Willmore, Chief Administrative Officer, Salt Lake County " Learning to Lead is one of the finest books for leaders that I have ever had the opportunity to read. Grounded in proven theory, yet written in action, Bennis and Goldsmith have given anyone who aspires to lead more powerfully and more effectively, a pathway to follow. Becoming an effective leader, you see, is not about becoming a master of all leadership skills. Rather, it is about recognizing your strengths and weaknesses and then finding ways to nurture the former and overcome the latter. It's important to learn to recognize the tools and opportunities you have access to, and then use them effectively to carry you forward in your leadership journey. In learning to lead, it's important to know how our understanding of leadership has developed. By appreciating the evolution of leadership ideas, you can make sense of the many different views that we are bombarded with, and see them in their proper context. Focused scientific research on leadership actually began in the early 20th century.
