Electronic commerce, Electronic commerce -- Management, Internet, Business enterprises -- Computer networks. Abstract. E-Business: Revolution, Evolution or Hype? In this paper we seek to move beyond the hyperbole in the popular press by questioning whether "e-business" truly represents a revolution in the way firms operate or whether it is a more normal evolution. in the operations of certain firms. It is important to answer this question because if the change is. We can refine this formula to get the market share of the e-business component of a product category's sales: $MS_e = e\text{-Business Market Share} = h_i * n_i * a_i * t_i * r_i = P_e * r_i$. Where: (2). r_i = percentage of people who try the product through the Internet and repeat using that medium.
