From Clay to Bronze: A Studio Guide to Figurative Sculpt This classic figure drawing book has been in circulation for more than 30 years and has helped generations of beginning artists learn to master the challenging art of figure drawing. Master illustrator Walt Reed shows you how to reduce complex figures into a variety of basic shapes that are easy to master, helping you to reach your goal of producing lifelike drawings. You'll find a logical, step-by-step method for mastering the construction and proportions of all figure types. First the basic forms are analyzed the proportions of the various parts and their relations to the total figure. You'll then learn how these parts are connected and how they move and find exercises in drawing the complete figure in any position, engaged in a variety of activities. From previous attempts you may have concluded that drawing the figure is difficult. This book will show you how to reduce complex figures into a variety of basic shapes that are easy to master, helping you to reach your goal of producing lifelike drawings. Tested through years of classroom use, the principles stressed here bring clear insights into drawing the human form. From previous attempts you may have concluded that drawing the figure is difficult. "Practice of this kind will help train your hand and your mind in the proportions, construction, and relationships of the individual forms so that you will never forget them." ...more. Get A Copy. Amazon. Walt Reed bestselling classical approach to figure drawing incorporates traditional teaching methods for fine artists in training. Year: 1984. In other words, we will explore the basic construction of the figure. Then you will be shown how to draw this basic human form in any position, engaged in any kind of activity. Concentrate on this basic form figure until you can do anything you want with it.
