Jonathan Raban. It is no surprise that one of the earliest works in English literature should be a poem about the sea: the sea has been a source of fascination from the earliest times, and the Anglo-Saxon poem 'The Seafarer' is only the first in a long series of writings which ponder its mystery. A powerful and restless presence in real life, the sea is one of the most ubiquitous and protean symbols in literature, changing in response to shifts in sensibility, and holding a mirror to all who confront it - Renaissance explorers and Augustan gentlemen, Romantic outcasts and Victorian t The Sea Around Us is a prize-winning and best-selling book by the American marine biologist Rachel Carson, first published as a whole by Oxford University Press in 1951. It reveals the science and poetry of the sea while ranging from its primeval beginnings to the latest scientific probings. Often described as "poetic," it was Carson's second published book and the one that launched her into the public eye and a second career as a writer and conservationist; in retrospect it is counted the second book 1919. The Oxford Book of English Verse: 1250â€“1900. Robert Browning. 1812â€“1889. 730. Home-thoughts, from the Sea. NOBLY, nobly Cape Saint Vincent to the North-west died away; Sunset ran, one glorious blood-red, reeking into Cadiz Bay; Bluish 'mid the burning water, full in face Trafalgar lay; In the dimmest North-east distance dawn'd Gibraltar grand and gray; 'Here and here did England help me: how can I help England?'â€“say, 5. Oxford Books of Prose. Jonathan Raban is a big trade name, particularly associated with writing on the sea. The sea is a subject of perennial fascination, and one which has inspired a great deal of fine literature. More intelligent, better researched, and more wide-ranging than previous treatments. Raban himself is a seaman. The Oxford Book of the Sea. Edited by Jonathan Raban Jonathan Raban. Oxford Books of Prose. Description. It is no surprise that one of the earliest works in English literature should be a poem about the sea: the sea has been a source of fascination from the earliest times, Publisher : Oxford University Press; New edition (March 21, 2002). Language: : English. Best Sellers Rank: #2,484,073 in Books (See Top 100 in Books).Â Terrific book for those who yearn to learn more about the sea, especially for all those armchair wanderers. Raban has done a yeomans job in collecting some of the more well-known stories (Ancient Mariner etc.,) but the true beauty of the book is in those lesser-known impressions of the sea. This book will draw you back again and again, its pull is that of the sea itself. Read more. 11 people found this helpful.
