English Language Arts, sometimes referred to as ELA or simply language arts, is a comprehensive literacy program meant to build strong communication skills by deepening students' understanding of the English language through speaking, reading and writing. The Time4Learning language arts curriculum is designed to give students from PreK-12th grades a comprehensive, standards-based education that includes phonics, reading fluency, grammar, writing, comprehension and more. Discover free flashcards, games and test preparation activities designed to help you learn about English Language Arts and other subjects. They're customisable and designed to help you study and learn more effectively. Browse Similar Concepts. IXL Language arts. From phonics and reading comprehension to writing strategies and more, IXL helps learners develop the communication skills needed for success in school, college, and career. P. Pre-K See all 48 skills. Includes: |Find the letter in the alphabet: lowercase|Choose the picture that rhymes with the word|Identify book parts and features|Find all the words that start with a given sound. Standards for the English Language Arts: One familiar way to link the language arts . . . is to pair them by medium: reading and writing involve written language, listening and speaking involve spoken communication, and viewing and visually representing involve visual language. "There are many other important interconnections among the English language arts, as well.
